SESSION #1, Part 1:

1A Administrative Strand--Planning for Success Workshop: Keynote speaker, Jamie McKenzie, conducts a question and answer session based on his experiences, writings and research.

Administrative Strand and half of the Techie Strand participants will attend (10:30 a.m.-noon).

1B Instructional Integration for Teachers --Building and Growing a Virtual High School (9-12):

This session will detail the Creation of the FCPS Online Campus created exciting new learning opportunities for Fairfax students. The program offers online delivery of Fairfax County Public Schools high school courses and currently includes students in grades 6-12 (10:30 a.m.-noon).

1C Instructional Integration for Teachers --Integrating Technology into the Elementary

Curriculum (K-6): Practical ideas for integrating technology into all areas of the curriculum at the elementary level will be shared and strategies for use in the one computer classroom will be discussed. Some excellent Internet sites with integration ideas and examples will be featured (10:30 a.m.-noon).

1D Real Techies Only!--Techie Roundtable: This panel will gather half of this strand's participants in

each of two panels where participants will begin the important process of networking for the week.

When not attending a roundtable session, Techie participants will attend the keynote speaker's workshop session (10:30 a.m.-noon).

SESSION #1, Part 2:

1E Administrative Strand--Building and Growing a Virtual High School: This is a repeat of session 1B above for Administrative Strand participants (1-2:30 p.m.).

1F Instructional Integration for Teachers --Planning for Success Workshop: This is a repeat session of Keynote speaker, Jamie McKenzie's workshop (see 1A above) for Instructional Strand and half of the Techie Strand participants (1-2:30 p.m.).

1G Real Techies Only!--Techie Roundtable: This is a repeat session of 1D above. Techie strand participants who didn't attend 1D should attend this session (1-2:30 p.m.).
